Dialogue Mapping Building Shared Understanding Of Wicked ...

Dialogue mapping is a facilitation technique used to visualize critical thinking as a group. Created in the 1990s by Jeff Conklin, the method became a popular problem-solving tool for project managers and product developers (as well as other organizational leaders and groups).

What Is Dialogue Mapping? | Lucidchart Blog

Dialogue mapping has the same intention as facilitation: to help the group members hold an effective conversation on a complex topic. By “effective” we mean a conversation that both accomplished the objectives and built higher levels of shared understanding, respect, alignment, and transparency.
