Projector Press I have a Hornady Projector Press with millions of rounds through it. The only trouble I have had with it is the "indexing". After a good deal of struggle, I foound you needed to loosen a nut/screw and very a spring tention, to get it to wrok right. My 1989 Projector still works great!

Hornady Projector press | The High Road

hello; have an early version of the hornady lock-n-load, call the projector. the projector indexing has messed up again. had this problem @ 6 mos. ago which hornady fixed. after reloading @3k rounds t

hornady projector/lock-n-load indexing problem

to the projector may vary depending on the size of the screen. •The default setting can be used, when placing the projector in front of the screen. If the projected im-age is reversed, readjust the set-ting to "Front" in the "PRJ Mode" menu. (See page 62 of the projector's operation manual.)
•Place the projector so that an

XG-P610X | XG-P610X-N Setup Manual

KMURPHY all of Hornady stuff that I have seen was first class, it looks like they make a fine reloading product on par with RCBS and Lyman. As for the auto primer feed, I don't use the RCBS set up. I like the one at a time priming method (Thats just me). A line of primers in a thin metal tube right in front of my face

Hornady Pro-Jector - Militaryfirearm

The projector automatically detects 16:9 DVD and adjusts the aspect ratio by digitizing to full screen with 4:3 default setting. If the image is still outstretched, you will also need to adjust the aspect ratio by referring to the following: Please select 4:3 aspect ratio type on your DVD player if you are playing a 16:9 DVD.
