The Geography of Nowhere: The Rise and Decline of America ...

The Geography of Nowhere traces America's evolution from a nation of Main Streets and coherent communities to a land where every place is like no place in particular, where the cities are dead zones and the countryside is a wasteland of cartoon architecture and parking lots.

The Geography of Nowhere: The Rise and Decline of America ...

The Geography of Nowhere traces America's evolution from a nation of Main Streets and coherent communities to a land where every place is like no place in particular, where the cities are dead zones and the countryside is a wasteland of cartoon architecture and parking lots. In elegant and often hilarious prose, Kunstler depicts our nation's evolution from the Pilgrim settl.

The Geography of Nowhere: The Rise and Decline of America ...

The Geography of Nowhere, my first non-fiction book on the tragic sprawlscape of cartoon architecture, junked cities, and ravaged countryside where we live and work. I argued that the mess we've made of our everyday environment was not merely the symptom of a troubled culture, but one of the primary causes of our troubles.

The Geography of Nowhere: Finding Oneself in the ...

The Geography of Nowhere: The Rise and Decline of America's Man-Made Landscape is a book written in 1993 by James Howard Kunstler exploring the effects of suburban sprawl, civil planning, and the automobile on American society and is an attempt to discover how and why suburbia has ceased to be a credible human habitat, and what society might do about it.

The Geography of Nowhere - Wikipedia

The Geography of Nowhere has become a touchstone work in the two decades since its initial publication, its incisive commentary giving language to the feeling of millions of Americans that our nation's suburban environments were ceasing to be credible human habitats. Since that time, the work has inspired city planners, architects, legislators, designers, and citizens everywhere.
